

100% Acrylic Solid Surface

PINNACLE Solid Surface is the ideal product for Kitchen Counter, Bathroom Vanities, Furniture and Wall Cladding . . . For all your surfacing needs.

Limitless Designs

Unlimited design flexibility for a variety of applications. Solid Surface material is very versatile. Peak Design Capabilities put your imagination to work, and can be fabricated into any design envisioned by your designer or architect.

Durable & Renewable

Long-lasting beauty. The color and pattern run throughout the entire thickness. As a result, any surface damage, such as scratches or cuts, can be removed and the surface is restored to new condition.

Minor scratches in **PINNACLE Solid Surface** Products can easily be removed by lightly sanding with fine sandpaper or Scotchbrite. It is easy to keep your Solid Surface looking new. Even severe damage can easily be repaired by the fabricator.

Health-Smart

No seams or voids. Non-porous and impermeable surface is resistant to heat, moisture, pollutants, bacteria, UV rays, chemicals and stains.

10 Year Warranty

PINNACLE Solid Surface products are backed by a 10-Year, transferable limited warranty from the manufacturer.

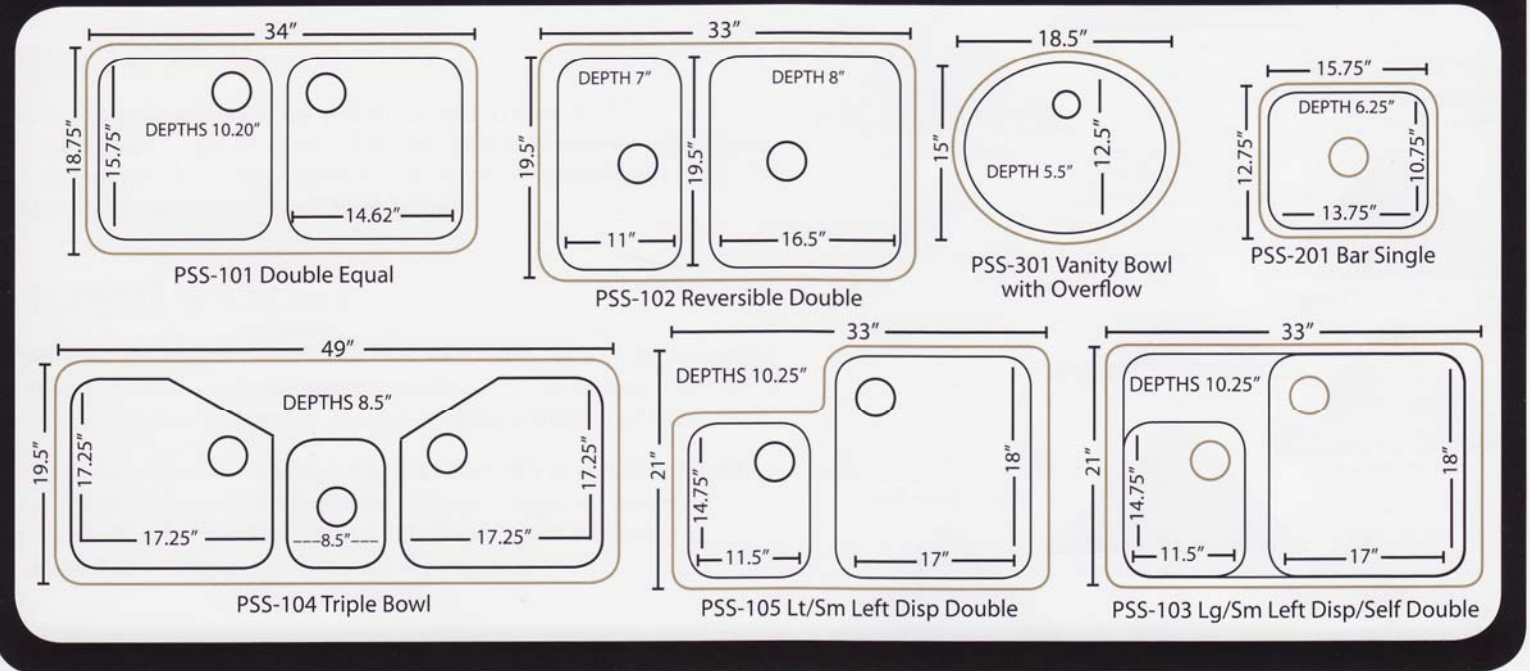

Integral Sinks

When you select a **PINNACLE Solid Surface** Sink for integral installation, you have chosen the ideal hygienic application.

Integral means seamless, no unsightly seams or rims . . . no mold, mildew or bacteria. In addition, the Solid Surface Sink is easily renewable. Light sanding with products like Softscrub or Scotchbrite, and your sink will always look new.
